

FIRE ISOLATOR

Datasheet FireBlanket FI-BL0101 Personal Battery Powered Devices

Product description

The FireBlanket FI-BL0101 can be used for Personal Battery Powered Devices, such as laptops and smartphones.

By using this blanket, the lithium fire will be isolated, preventing the fire from spreading and avoiding collateral damage. Also the smoke spread will be reduced.

This FireBlanket is reusable and can be cleaned. It can stand peak temperatures of 1600 °C, and can withstand 1200 °C for more than 50 hours.
